

The Three Card Spread

This is the clearest way to learn the cards and get a daily message for yourself without getting tangled in your mind.

Focus your mind on an area of your life. Shuffle and cut the deck of cards into two piles. Place the half that was on top underneath the second pile.

Position 1. Place the card from the top of the deck on the table.

Position 2. Place the next card, which is now the top card of the deck, underneath the first card you laid down.

Position 3. Place the card that's on the bottom of the deck on top of the first card you laid down.

Card 3: This is the highest aspect of the situation or the greatest outcome.

Card 1: This is the situation.

Card 2: This is what lies underneath the situation.
